Dear Parents,

Year 6 Play

Congratulations to Year 6, Mrs Surey, Mrs Levenson and Mrs Gilbery-Phillips on an amazing production of The Jungle Book. I was lucky enough to see the production three times, and each time it kept getting better! A huge amount of preparation and rehearsal went into this play and it was a wonderful reflection not just of talent but of teamwork, confidence and creativity. Thank you so much to all the adults who made this possible.

Sports Day

We were so happy that we finally got to have Sports Day today. It was a great occasion with lots of examples of fantastic sportsmanship - even from the parents!

Club Sign Up

Please could parents remember that our sign up for clubs is now **Monday 15th July at 8.00pm**.

Goodbye to Mrs Almeida

Many of you know Mrs Almeida, our School Business Manager, and she is unfortunately leaving us this summer to move on to bigger (but hopefully not better!) things. Although not the public 'face' of the school, it is Mrs Almeida who does the vital job of managing our finances and premises and without her, we would not be able to open every morning. I have loved working with her, and will miss her very much. Parents will be pleased to hear that we are welcoming back Mrs Weir in September, who will take over the School Business Manger role.

School Uniform

As we head into the summer holidays, can I ask parents to re-stock school uniform where necessary. Can I remind parents that PE kit is only allowed on PE days, (except for special events) jewellery is not allowed, and black school shoes or black trainers are the only footwear permitted. Children are able to wear other trainers on PE days only. If parents would like to buy any of our good quality, branded, second hand uniform, please contact the school office. We have polo shirts and jumpers in most sizes. You can find our school uniform list [here](#).

Ice-cream Van

An advanced warning to parents that we will be having an ice-cream van visit us on the last day of school as we end at 1.30/1.45 if you would like to buy your child an end-of-term treat after reading their report!

Children who have been to see me with excellent work this week are: Lily M, Samuel S, Leo S, Mila, Jaxon, Reece, Luca, Maxi, Albie, Mia, Indi, Zachary N (twice!), Isaac, Benji, Zack and James.

To read about what we have talked about in assembly this week, please click [here](#).

Online Support Group

I am really grateful to Mrs Forster who has set up an online support group for our parents with children with additional needs. If you would like to join this group, please look [here](#).

The aim of the group is for parents to share information and support which is so important when you are on this journey with your child. Any complaints or concerns should always be directed to the correct member of staff in school who will be happy to help you.

Anti Bullying Workshop for Parents

We were so happy to take some Year 5 children to the Princess Diana Anti-Bullying Ambassador training back in May. The ambassadors will be doing a lot next term to educate us about bullying and how to prevent it. The Princess Diana Award provides training to parents as part of their package. If you are concerned about bullying, parents are invited to join this free online training session [here](#).

It takes place on Thursday 18 July, 6.30 PM and parents will learn how to support children and spot signs of bullying behaviour.

Shabbat Shalom
 Mrs Blaker

Easy Money Raising Ideas from the PTA

Stikins

This is an easy way to help support the school as any stickers ordered, the school will receive 30% commission from.

Click [here](#) for their website

The school fundraising number to put at the bottom is 35918, which allows the school to receive the commission!

Easy Fundraising - How To

Super easy to use! Please download onto your phone or computer device depending on where you do your shopping especially if using more than one device. Easyfundraising.org.uk. Click [here](#) for a 'how to' guide.

It will provide instructions as to how to use their website and then you will be directed to the website you are using to shop from.

New PTA Meeting Date - 11th September 7.30pm

**"WE ALL LIKE TO BE BESIDE
CLORE SEASIDE"**

SUNDAY 14TH JULY
3-6PM

Celebration Tea

Reception: Joshua

Year 1: Ella

Year 2: Cody

Year 3: Ava

Year 4: Zachary

Year 5: Zack

Year 6: Nate

Happy Birthday

Daniel - Y6 turns 12

Maisie - Reception turns 5

Fallon - Reception turns 5

CLASS REMINDERS

Whole School:

Please bring in a carrier bag on Monday 21st July so that the children can bring their books and belongings home for the year.

Reception:

We are so excited for our show next Thursday and will be starting promptly at 9.00am. For our show we would like everyone to bring in a labelled pair of sunglasses please by Tuesday of next week - thank you!

Year 5:

Year 5 will have an extra PE lesson on Monday 15th July at 2.15pm. Please wear PE kit.

Year 6:

Please remember to wear school uniform and bring a packed lunch to our trip on Friday 19th June. Please learn the song for our Leavers' Assembly, which is on Google Classroom.

What we are learning this week

Reception: We have had such a fabulous week learning through the famous text of 'We are going on a Bear Hunt'. The children learnt to story map it and then created their own using hands on resources such as grass. We loved our Teddy Bears Picnic where the children spread and cut their own jam and butter sandwiches - yum! The children also made their own Teddy Bear Face toast where they used chocolate spread and fruit to decorate it. In Maths we practiced our number bonds to 10 using numicon and the children loved the challenge of making ten using three pieces. We also enjoyed our salt pictures art lesson - any chance to get messy! Next week we are learning about celebrations from around the world and partaking in lots of baking!

Year 1: In Maths we have been learning about coins and notes. We used our counting in 2s, 5s and 10s knowledge to count coins. We have also started a new topic in Maths - Time. We looked at events before and after, days of the week and months of the year. Next week we will learn more about the clock (hour, minute, seconds, O'clock and half past).

In English we wrote our own explanation text about 'What is it like to be in Year 1?'. We included everything we have been learning about explanation texts and we all worked beautifully!!! Next week we will read our explanation texts to our 'Reception' buddies. In Science we looked at information about daylight hours during different seasons. We used data to answer questions and compare the daylight hours in each month. We also organised the data/information in a graph.

In Art we looked at Clarice Cliff's Circle Tree plate and stated to create a similar artwork using paper plate and paint. Next week we will create the tree using black paint and straws. This week in Flourish, we learnt about what to do if we get lost or there is an emergency. Please use the summer holidays to help the children learn their address and at least one parental phone number. Encourage them to talk about what they learnt to help it stay in their minds.

Year 2: We have had another great week of learning in Year 2. In Maths we used the words up, down, left and right to describe movement and then we progressed to using the terms clockwise and anticlockwise to describe the turns.

In English we have been looking at the book Ninja by Arree Chung to identify and use the simple present tense and then using our knowledge of past tense verbs to convert the story into the simple past tense. We then learnt how to form the present and past progressive tenses and used them in sentences.

We have been really enjoying our History unit about Monarchs. This week we learnt about William the Conqueror and how he became King of England. The children looked at the Bayeux tapestry and were amazed that it is 70 metres long - as long as one of the towers on Tower Bridge!

In Science we investigated simple food chains and learnt about producers, consumers and predators. The children then had a go at creating their own simple food chains.

Year 3: In Maths this week, Year 3 have been learning about angles and turns.

In English this week, Year 3 have been learning about syllables and the features of Tanka Poems.

In Science this week, Year 3 explored the effects of gravity on bouncy balls.

Year 4: Year 4 had a fun start to the week with our trip to Knebworth House where we explored different patterns and the history of the house. We also learnt different drawing and sketching techniques. Most importantly however, we thoroughly enjoyed the slides in the adventure park! In English, we have innovated an example recount with our own fantastic ideas and we will be doing a shared write of this next week. In Maths, we have been looking at different types of triangles and quadrilaterals in our new Shape unit. In History we have been studying the Ancient Maya people and we have begun looking at electrical circuits in Science.

Year 5: It has been another exciting week in Year 5 this week! We have begun to write our own musical songs in combination with English; writing a song for Prospero to perform in William Shakespeare's The Tempest. In Maths, we have been estimating capacity and volume, as well as measuring in cubic centimetres. In Art, we have been creating our own mixed media work, inspired by our own edited portrait photos and the work of Chila Kumari Burman.

Year 6: This week, we have enjoyed performing our play to our community. In Science, we learnt about how adaptations can result in both advantages and disadvantages. During PSHCE, we have been learning about first aid with the help of Mr Byers, a retired GP, who volunteers with Year 6 on a Friday morning. Furthermore, in English we wrote a 100 word historical saga for a writing competition.

Do you think you may be eligible for Free School Meals? Call us for support or advice or email senco@cloreshalom.herts.sch.uk in complete confidence.

This Week in Jewish Studies

In **Y2** we concluded learning about the life of Abraham and his family with lots of fun activities including creating a 3D paper tent and writing a chapter review choosing one from the three chapters about Sarah, Rebecca and Rachel.

In **Y3** we reviewed all the Brachot we learnt in this term and enjoyed making a beautiful home blessing Hamsa.

In **Y4** we made a list of mitzvot and used the list to make a Jewish Star of Mitzvot.

In **Y5** we watched videos about our selected person and the children talked and presented their slideshows/power point.

Y1 and **Y6** didn't have JS lessons this week due to the Y6 play.

This Week in Ivrit

Reception: Using visual cards, the children said 3-word sentences with the words 'yeled' (boy) and 'yalda' (girl) combined with the verbs 'omer/omeret' (says) and learnt phrases. We also learnt the words 'aba' (dad) and 'ima' (mum) and the children drew a family and labelled each person.

Year 2: We practiced all learnt letters combined with the vowels 'Ah', 'Eh' and 'O' through the game 'Around the world'.

Year 3: We practiced our speaking skills by answering the questions: what is your name?, how are you?, what is the day today/tomorrow/yesterday? and what is the weather today?. The children also recapped all learnt letters combined with the vowels 'Ah', 'Eh', 'O', 'Ee' and 'Oo' through the game 'Around the world'.

Year 4: We recapped all learnt letters combined with the vowels 'Ah', 'Eh', 'O', 'Ee' and 'Oo' through the game 'Around the world'. The children also practiced their speaking skills by answering the questions: what is your name?, how are you?, what is the day today/tomorrow/yesterday?, what is the weather today? And where do you live?

Year 5: We recapped all learnt letters combined with the vowels 'Ah', 'Eh', 'O', 'Ee' and 'Oo' through the game 'Four in a row' in 3 different levels (1 syllable, 2 syllable and 3 syllable words). The class was split into 2 groups which played against each other.
