

Intent

Geography aims to inspire pupils' curiosity to discover more about our natural world and its people. It has a pivotal role to play in education by developing their understanding about the world should help them to deepen their understanding of the interaction between physical and human processes, and of the formation and use of landscapes and environments.

By the end of Year 6, Clore Shalom children will have developed:

- **Tolerance and respect for others** by learning the diversity of cultures within the countries and regions studied and develop a non-stereotypical sense of place.
- **Be responsible citizens** by learning and appreciating how and why we should look after the world, which will remain with them for the rest of their lives.
- **Resilience and independence** by interpreting a wide range of sources of geographical information and fieldwork when making geographical enquiries.
- **A life-long love of learning** by embracing a love and curiosity for Geography and our world.
- **Self-advocacy** by learning to ask purposeful questions about Geography as well as answering questions about Geography.
