

Intent

Our Hebrew curriculum focuses on enabling pupils to make substantial progress in one language. The teaching provides a balance of spoken and written language and lays the foundations for further language teaching beyond their education at Clore Shalom. The focus of study will be on practical communication. This enables pupils to understand and communicate ideas, facts and feelings in speech and writing, focusing on familiar and routine matters, using their knowledge of phonology, grammatical structures and vocabulary.

By the end of Year 6 our children will have developed:

- **Resilience, independence and desire to improve themselves** by continuing to practise a new language in different situations.
- **A lifelong love of learning** by engaging in enjoyable and interactive activities to support their passion for the Hebrew language.
- **Self-advocacy** by using their words to successfully self-advocate and express themselves in all situations. By learning a wide variety of the Hebrew language to enable them to communicate, live and travel confidently in Israel.
